#### The Nebraska Vote.

The divisive strife Mr. Bryan undertook to stir up in republican ranks in Nebraska did not materialize. If it did, and La Follette supporters in this state joined the democrats, the La Fol-

state joined the democrats, the La Follette supporters are very few in number, too few to be reckoned with.

The gratifying feature of Tuesday's vote, from a republican point of view, is the solidarity of the party forces. This argues well for its fightnext year, when national issues are at stake. The increased majority this year over that of last year indicates that republicans vere getting together with a view to making success a certainty in next year's battle. It was scarcely expected by the most sanguine party men that the majority of Tuesday would be so

The indications are that whatever shades of republicanism there may be, they are nevertheless all republicans. All of Bryan's appeals to a faction was merely gabble. They had no effect. Whatever struggle there may be for the choice of delegates to next year's national convention and the instruction given them at the primary in April is given them at the primary in April is not likely to split the party or endanger its success at the polls in November. While The Tribune believes Taft to be certain of Nebraska's support at the primary and at the polls it also be-lieves and hopes the ante-primary campaign may be so conducted as to minimize the friction that might endanger success in November. Republicans ought to be able to differ as to candidates without party alienation. Fremont Tribune.

Mrs. Roy Streeter, who has been ill for six weeks past, is reported much improved this week.

North Platte women know how the kidneys fall make life a burden. Backache, hip pains, headaches, dizzy spells, distressing uninary troubles, all tell of sick kidneys and warn you of the steady approach of dropsy or Bright's disease. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause. Here's proof of it in a North Platte woman's words:
